

# Welcome to the new GreenLeaf Bank!

We are pleased to announce, beginning June 15, 2020, Greenleaf Wayside Bank will become **GreenLeaf Bank**. Along with our new name comes a new bank logo and brand you will see on office signs and future bank communications.

Our new name was chosen because it reflects who we are today in the local communities we serve. It also allows us to continue to grow as an independently owned bank while keeping our roots here in the local community.

There are many exciting changes coming with GreenLeaf Bank, but in many ways, **we remain the same financial partner you know and trust**. We're the same:

- Locally-owned community bank serving you for over 100 years.
- Talented and friendly faces you have come to know, ready to assist with your financial needs.
- Business and mortgage lenders providing timely, local decisions with your best interest in mind.
- Community partner supporting local charities, churches, schools and organizations for decades.

In this packet, you'll learn about **our new products and services including** new checking products, a Fee Free ATM network, a new website, a more robust bill pay service, added online security and coming in Fall of 2020, a new person-to-person payment system.

The new name, logo and innovative products and services we announce today, position us to remain competitive tomorrow. But rest assured...“GreenLeaf Bank” will remain your independent community bank for many years to come.

Sincerely,

**DAVID J. KRUTZ**  
**PRESIDENT**

**GreenLeaf Bank**
