## New GreenLeaf Bank Website

We are pleased to announce the launch of a completely redesigned website on June 15<sup>th</sup>. Our new site will provide a better online experience, especially for smartphone users. This website is fully responsive for mobile users and features streamlined navigation and intuitive menus. You will also experience a new online banking design to match our new name and bank brand.

## .bank Web-address and Email Provide Greater Security

Beginning June 15<sup>th</sup>, our new web address and email extensions are changing to **www.GreenLeaf.bank** and **@greenleaf.bank**, respectively. The .bank extension provides a higher degree of security than domains such as .com. To qualify banks must follow strict standards and employ enhanced safeguards

designed to mitigate phishing and spoofing scams.

***If you use our current .com website address and email, after June 15<sup>th</sup>, it will automatically redirect to our new .bank domains.***

## CheckFree® Our New Online Bill Pay

We've added a more robust electronic bill pay service. Paying your bills is easier and quicker using CheckFree®, which includes these features:

- Simple and intuitive app simplifies managing bills.
- A mobile responsive experience for paying bills using your smartphone.
- Send bills directly to CheckFree®, they'll be delivered to the Payment Center.
- The latest tools you've come to expect from a bill payment application.

## Zelle® Coming in Fall of 2020
